

Happy Holidays!

Dear friends
and partners,

2017 was an action-packed year
here at Aalen University.

We have made a lot of progress in our
international endeavors. We have
strengthened partnerships,
forged new relations, sent our students
all over the world, and have received
many international faces.

We would like to thank you for being
a partner and making all of this
possible for us and our students.
We hope that in the coming year,
we can continue to add to what
we have already built.

We hope you and your family will
enjoy the holidays and have a
successful year in 2018.

Warm regards,
Aalen University Team
