## *About the TaiwanICDF*

The International Cooperation and Development Fund (TaiwanICDF) is dedicated to boosting socio-economic development, enhancing human resources and promoting economic relations in a range of developing partner countries. We also offer humanitarian assistance and provide aid in the event of natural disasters or international refugee crises.

To carry out our mission, we offer a range of assistance that centers on four core operations: lending and investment, technical cooperation, humanitarian assistance, and international education and training. Our Fund is used to make direct or indirect investments and to finance lending operations. Revenues generated by the Fund are used to support our bilateral or multilateral technical cooperation projects, humanitarian assistance operations and education and training.

Every new project from the TaiwanICDF proceeds according to a rigorous project cycle and is backed by mutual covenants signed in cooperation with relevant stakeholders. Our projects are designed to address the strategic development goals of each of our partner countries, pay due consideration to associated regional trends, and maximize results by employing the right combination of capital and technical cooperation.

Ultimately, our work is tailor-made to the local needs of each partner country. Our assistance covers a variety of contemporary development issues such as environmental protection, public health, agriculture, education, and information and communications technology.

We are also acting to improve human resources and build institutional capacity at the TaiwanICDF itself. We believe that as a stronger, more professional organization, we will be better placed to advise decision-making bodies within our government. Efforts to improve our own organization will also help us to deepen the coverage of our projects and transfer technological know-how to our partners. We aspire to making the most effective use of manpower and resources, and replicating and adapting successful experiences from one partner country to another.

## *Overview of the International Higher Education Scholarship Program*

International education and training from the TaiwanICDF shares Taiwan's own development experiences with developing partner countries around the world. Our aim is to help these partner countries cultivate and nurture a talented pool of human resources.

To achieve this objective, our International Education and Training Department performs a range of interconnected operations. Our in-depth, professional workshops are dedicated to contemporary trends in development, while our higher education scholarship program draws on expertise at Taiwanese universities to strengthen know-how in critical disciplines. We also cooperate with a number of international organizations on training projects.

Our International Higher Education Scholarship Program was initiated in 1998 when we joined forces with a group of Taiwanese universities to offer scholarships for a number of English-language courses, up to and including Ph.D. level.

The program enables talented young citizens to come to Taiwan to pursue their higher education and follow course materials and learning objectives that are specifically designed to address key development issues. The program provides full financial support for tuition and living expenses, and having grown in scope over the years, now covers 35 courses from 21 universities — 11 bachelor's, 21 master's and 3 Ph.D. programs. These courses focus on the development needs of our partner countries by addressing issues such as tropical agriculture, aquatic sciences, business administration, information technology, human resource development, medicine and public health, or various fields of engineering. All of these disciplines are in high demand in our developing partner countries. We aim to boost social development and economic growth by generating a pool of quality human resources.

# *TaiwanICDF Scholarship Application Instructions*

## **1. Eligibility**

Applicants applying for a TaiwanICDF scholarship must meet both the **general eligibility criteria** (please refer to appendix 1) and be a national of a country on the **List of Countries Eligible for TaiwanICDF Scholarship** (please refer to appendix 2). Applicants must also meet the Regulations Governing Visiting, Resident, and Permanent Residency of Aliens set by ROC (Taiwan) National Immigration Agency.

**\*\*\*Please Note: All Undergraduate Programs only accept applications submitted by citizens of allied countries of ROC (Taiwan).**

## **2. Application Procedure**

The 2019 TaiwanICDF Scholarship application period will run from **January 1 to March 15 (GMT +08:00)**. For the **2019 TaiwanICDF International Higher Education Scholarship Program**, there are a total of **31 study programs** available for scholarship application.

Applicants should: (1) **complete the TaiwanICDF International Higher Education Scholarship Program Online Application**, and (2) **submit the documents listed below to the ROC (Taiwan) Embassy/Consulate General/Representative Office in their country**. Applicants must ensure that they submit accurate and complete documentation; failure to do so will result in the application not being processed. **Please also note: (1) Late submissions will not be accepted and/or processed; (2) All Undergraduate Programs only accept applications submitted by citizens of allied countries of ROC (Taiwan).**

**Documents to be submitted:**

- (1) A photocopy of applicant's passport or other document showing proof of nationality.**
- (2) A photocopy of applicant's highest-level diploma and academic transcripts.**
- (3) A photocopy of applicant's English proficiency certificate.**

Please note: This means a TOEFL test score or that of another recognized English proficiency exam, or documents certifying that the applicant has graduated from a program where all courses were taught in English. Applicants who are unable to provide such proof of English proficiency due to special circumstances may be assessed for English proficiency by an ROC (Taiwan) Embassy/Consulate (General)/Representative Office via interview or other forms of testing. Applicants whose official national language is English are

exempt from needing to supply these documents.

(4) Two letters of reference.

(5) Any other documents specifically requested by an ROC (Taiwan) Embassy/ Consulate (General)/ Representative Office.

**Please Note: In addition to the above documents requested as part of their scholarship application, applicants should also submit all documents required by the TaiwanICDF partner university that they are applying to before the admission deadline of that university. For detailed information on such documents, please refer to Section 4: Study Programs Available for TaiwanICDF Scholarship Application at Partner Universities in 2019 in this brochure and the related websites of each study program for further admission information.**

The ROC (Taiwan) Embassy/Consulate General/Representative Office will conduct a first review of applicants based on the eligibility requirements and selection criteria of the TaiwanICDF, and then submit their list of recommended applicants to the TaiwanICDF no later than March 31 each year.

A second review of the qualified applicants will be conducted by an academic committee organized by the individual partner university in joint cooperation with TaiwanICDF representatives. Such reviews will be based on each university's selection criteria, whilst also accounting for the eligibility requirements and selection criteria of the TaiwanICDF.

After the second review has been conducted in cooperation with all partner universities, the TaiwanICDF will announce its list of scholarship recipients, in principle, no later than June 30 each year. Successful applicants will receive an acceptance letter through the ROC (Taiwan) Embassy/Consulate (General)/ Representative Office to whom they originally applied.

**Please note: Gaining admission from the university does not necessarily mean that the applicant has also been given a TaiwanICDF scholarship. Only the applicant who receives the acceptance letter issued by the TaiwanICDF is the scholarship recipient.**

## *International Master of Business Administration (IMBA)*

### ▲ ABOUT THE PROGRAM

The International MBA (IMBA) program offered by National Chengchi University (NCCU) has dual accreditations by the Association to Advance Collegiate Schools of Business (AACSB) and the European Quality Improvement System (EQUIS), a key indicator of our quality resources in business education. In 2018, National Chengchi University has been selected as full membership for the Partnership in International Management (PIM) alliance, which symbolizes that the internationalization of NCCU has been on par with top business schools around the world.

The IMBA program is designed to develop qualified candidates to be leaders in the field of international business, with a special focus on the Asia-Pacific region. With the continued growth of Asia's emerging economies and the expansion of firms on a global scale, the NCCU IMBA offers the perfect venue for international candidates to learn about Asian economies.

The IMBA program requires a minimum of 42 credits to graduate. Required courses account for 25 credits, including Accounting, Business Quantitative Methods, Corporate Social Responsibility and Ethics, Financial Management, Leaders Forum, Leadership and Team Building, Managerial Economics, Management Information Systems, Marketing Management and Strategic Management. The elective courses fall under four areas of concentration: Entrepreneurship, Finance, Management in Asia and Marketing. Students have the option of taking the required number of courses to achieve a concentration or take courses across concentrations to graduate with a General MBA.

The IMBA program provides an optimal international and multicultural learning environment by maintaining balance between Taiwanese and international students admitted to the program. The international students represent professionals from over 35 countries in five continents. They are guided by our faculty base comprised of academics and industry experts in Taiwan and from around the world.

The IMBA faculty come from three equally qualified pools of local and international talent. A third of the instructors hail from faculty members of the College of Commerce at National Chengchi University (NCCUC), most of whom have earned Ph.Ds from prestigious universities around the world. Another third of the faculty represent

renowned scholars from top overseas business schools as visiting instructors and a final third of the faculty are comprised of industry senior executives who have long standing real-world business experience.

The international aspects of each and every area of the IMBA, including the courses, student body, and faculty, make this program truly unique. What further differentiates the IMBA from other MBA programs is the expertise integrated in the special Asian featured courses that we provide under the Management in Asia concentration. Aside from developing a global view in world business trends, it is just as essential to gain an Asian perspective of business. Our program is the perfect conduit for learning all about this growing region.

### ▲ ENTRY REQUIREMENTS
