

**Announcement of Naresuan University  
on “Elevated Preventive Measures against the Pandemic of  
Coronavirus Disease (COVID-19)”**

.....

To effectively raise preventive measures against the outbreak of coronavirus disease (COVID-19) within Naresuan University and be in line with the order of Phitsanulok Governor, numbered PL 0017.3/W2296 dated March 31, 2020, the university hereby announces the followings as set forth by Naresuan University Act 1990 (section 20):

1. Staff members of the university strictly follow previously announced university announcements and order by Phitsanulok Governor, particularly traveling outside the province boundary.
2. Every Faculty, School, and Division elevates preventive measures against COVID-19; i.e., Heads of Offices (Directors of Divisions, other equivalent positions, and above) are authorized to reduce the number of staff members coming to work at the university as much necessary as possible.
3. Staff members increase awareness towards COVID-19 by committedly avoiding close contact with people and practicing social distancing. Should one find himself/herself infected with the disease or vulnerable to it, strictly proceed with measures announced by the university and the province to help control the prevalence of the disease.
4. Staff members are to strictly comply with this announcement. Any issues arisen from the enforcement of this announcement, the decision of the president is final.

Announced on April 7, 2020

(Honorary Professor Dr. Kanchana Ngourungsi)

President, Naresuan University
